With over twenty one years of experience as a licensed and insured company in the glazing industry, Golden Glass Designs specializes in the design and installation of custom commercial store front applications, frameless shower enclosures, mirrors, glass stairs and sandblasting designs.

Since its inception, Golden Glass Designs has been one of South Florida's fastest growing glass and mirror suppliers, designers and installers.

The company's growth is due to its commitment to product

enhancement and stringent quality control standards. As a progressive company, Golden Glass Designs employs the latest technologies.

The company has developed a reputation for professional excellence through the consistent high quality products and services we provide our customers. Whatever your requirements or specifications, Golden Glass Designs can design and install the glass you desire. Our team of specialists enables us to offer comprehensive consulting and design services tailored to your needs.
